## **About Multisoft**

---

Train yourself with the best and develop valuable in-demand skills with Multisoft Systems. A leading certification training provider, Multisoft collaborates with top technologies to bring world-class one-on-one and certification trainings. With the goal to empower professionals and business across the globe, we offer more than 1500 training courses, which are delivered by Multisoft's global subject matter experts. We offer tailored corporate training; project Based Training, comprehensive learning solution with lifetime e-learning access, after training support and globally recognized training certificates.

## **About Course**

---

The AutoCAD Civil 3D for Project Managers Training by Multisoft Systems is designed to equip project managers with the essential skills and knowledge required to manage civil engineering and infrastructure projects efficiently using Autodesk Civil 3D software. This specialized course bridges the gap between design and project execution by providing insights into how Civil 3D can be leveraged for better project planning, coordination, documentation, and performance tracking.

## **Module 1: Introduction to BIM and Civil 3D**

## **Module 2: Building Information Modelling in Infrastructure**

- ✓ Overview of the Interface
- ✓ Standard Terminology
- ✓ Starting Projects
- ✓ Project configuration and object sharing
- ✓ Viewing Commands

## **Module 3: Reviewing Projects**

- ✓ General Modifying and Modelling Tools
- ✓ Troubleshooting
- ✓ Drawing Production
- ✓ Printing
- ✓ Exporting Files

## **Module 4: Working in a Model**

- ✓ Styles and Settings
- ✓ Quantities and QTO
- ✓ Setting Out data and reports

## **Module 5: Project Team Collaboration**

- ✓ Working with Revit users - model co-ordination
- ✓ Working with Revit users - importing to Revit
- ✓ Working with Navisworks
