# Automation Anywhere Developer Training

## *COURSE CONTENT*

## About Multisoft

Train yourself with the best and develop valuable in-demand skills with Multisoft Systems. A leading certification training provider, Multisoft collaborates with top technologies to bring world-class one-on-one and certification trainings. With the goal to empower professionals and business across the globe, we offer more than 1500 training courses, which are delivered by Multisoft's global subject matter experts. We offer tailored corporate training; project Based Training, comprehensive learning solution with lifetime e-learning access, after training support and globally recognized training certificates.

## About Course

The Automation Anywhere Developer training offered by Multisoft Systems is designed to equip professionals with the expertise required to excel in the rapidly evolving field of Robotic Process Automation (RPA).

## Module 1: Overview Automation Anywhere

- ✓ Describe what is scalable bots is and how it can be used
- ✓ List of steps involved in building scalable bots

## Module 2: Bots Building Scalable Bots

- ✓ Describe what is scalable bots is and how it can be used
- ✓ List of steps involved in building scalable bots

## Module 3: Automation Anywhere Create Task Bot

- ✓ Describe Task Bot
- ✓ Describe Master Task, Task Bot Management

## Module 4: Excel Command, Repositories, File System

- ✓ Describe Repository and File management functionalities in Automation 360
- ✓ Describe Excel Commands

## Module 5: Deploying bots using the Automation 360 Control Room

- ✓ Describe Control Room Operations
- ✓ Describe the Bot Lifecycle Management within the scope of Bot development
- ✓ Transitioning bots between control rooms using the Automation 360 Bot Lifecycle management

## Module 6: Building Resilient Bots Using Automation 360

- ✓ Describe what is resilient bot is and how it can be used
- ✓ Identifying for predictable and unpredictable exception that the bot encounters during run time.
- ✓ Building resiliency within the bots to solve various runtime issues

## Module 7: Database Automation 360 integration with Database

## Module 8: Citrix Automation

- ✓ Automation 360 integration with Citrix
