About Course

OpenText Captiva Designer Training by Multisoft Systems is a specialized course designed for professionals seeking to master the configuration and development of intelligent document capture solutions. Captiva Designer is the core component of the Captiva Capture platform, used to create workflows that extract, validate, and route critical business information from paper or digital documents into enterprise systems.

Topics

- ✓ Perform the process development lifecycle
- ✓ Use Captiva Designer Configuration Tools
- ✓ Design processes for different production-like requirements
- ✓ Using given business requirements, create Captiva Capture processes using CaptureFlow Designer
- ✓ Develop and deploy custom .NET code assemblies for error handling and tree manipulation
